JOB DESCRIPTION

PCI Media seeks to engage a Tagalog speaking C4D specialist who is based in the Philippines. The consultant will work under the supervision of PCI Media staff to assist in the development of C4D strategy for youth engagement surrounding the issue of climate change. The consultant will assist PCI Media by providing in-country expertise and essential cultural context throughout the project, helping to engage national stakeholders, including youth.

Scope of Work

The consultant will:

- Work with PCI Media in providing in-country expertise that will inform the design, implementation, and support of C4D activities in the Philippines.
- Assist with training of in-country field teams (virtually, with the potential for in-person meetings).
- Work with the Program Lead in the planning and implementation of PCI Media’s program in the Philippines to ensure the success towards established goals and objectives, including
 - facilitating regular communications with national and regional partners;
 - liaising with production teams;
 - writing program reports;
 - coordinating events and workshops in the region;

- documenting the implementation process;
 - supporting with financial reports.
- Contribute creative thinking to design meetings and consultation workshops
- Conduct focus groups to pre-test concepts and communication products
- Coordinate online and (where possible) in person events that engage youth in climate action
- Train and mentor local youth leaders in the implementation and scaling of C4D activities through a pilot implementation of the project toolkit
- Contribute to writing of reports, materials, and other products

Qualifications:

- Experience working on C4D and SBCC campaigns (preferred 10 years')
- Experience and knowledge on implementation of C4D strategic plans and campaigns, disaster risk reduction and climate change adaptation management, governance, and/or other related fields
- Demonstrated capacity or familiarity with working with young people and mainstreaming concerns related to children and vulnerable sectors in climate change
- Strong written and spoken English
- Previous work with the UN preferred
